

## **Professional Outreach Coordinator** **Position Announcement**

A \$100,000 grant has been awarded to the Office of Oral Health of the Kansas Department of Health and Environment. The grant will partially support the new position of Professional Outreach Coordinator for two years. A dental hygienist is expected to be hired for the position by the end of February. The initial charge of the coordinator will be training and supporting medical professionals in the application of fluoride varnish for their young patients. Fluoride varnish can be easily and quickly applied during a child's medical visit, which would also include a referral to a dentist, if needed.
